Support Cambridge Arts at Michaelhouse Café

There are few places in Cambridge where artists can exhibit their work in the heart of the city. Some 2,000 people pass through our doors every week and we hear time and time again how our exhibitions add value to your visit. We encourage local artists to work together and exhibit in groups, as with our “Cambridge Envisaged” exhibition this month, which includes works from three different artists exploring a common theme. This makes the experience affordable and accessible to those who are just starting out. If you are thinking of making the jump and exhibiting your work come and talk to us.
